

The FirstAlpha Website Network

..... an explanation by the [author](#) who [may be online now!](#) 

[The FirstAlpha Website Network Starts here](#)

On 20 May 2003 the Internet domain name [sp5.info](#) was registered and hosted by [PlusNet](#) because on that day the Ace Internet server on which the [sp5.org](#) domain name was hosted suffered a failure and this took two days to repair. [Sp5.org](#) is currently hosted in [Vancouver, Washington, USA](#). [Sp5.info](#) is still hosted at [PlusNet](#).

FirstAlpha came into being on [28 January 1999](#) and was incorporated on [25 October 1999](#). This network of Websites represents the results of my involvement with the Internet since then. I take an active interest in the affairs of the Parishes listed below and hope that my influence is appreciated.

The main objective of my Internet activities is to build a large, responsive network. Those with whom I interact, whether on-line or off-line, will find me friendly, ambitious and determined. I recognise that success in business is most likely to be achieved through the power of the Master Mind. Those who I am honoured to have within my Master Mind group include, [Bob Parsons](#), [Penny & Thomas Power](#), [Louis Gray](#) and [Michael Dlouhy](#).

On 28 May 2009, I attended the [Royal Bath & West Show](#) for the first time. As a member of the Federation of Small Businesses (FSB), I had volunteered to help-out with the trade space which had been booked by the [Somerset & Wiltshire FSB Region](#). Patricia Marks of the [FSB Taunton Branch](#) had organised the FSB presence which included the opportunity for 10 FSB members to display their business capabilities at a more affordable cost than having a fully independent show presence.

Building a Business rarely happens by accident. I am seeking people who believe themselves to be coachable and have the desire to create a successful business enterprise. Discover if you are coachable at '[Mentoring for Free](#)'.

Be prepared for a **short-term cost**, in order to achieve **long-term value**. [Print this webpage](#).

Bye for now!

Richard Parsons. (disclaimer) [Bookmark this page](#) | [Call me on Skype](#)  | **Tel: +44 (0)1794-341405**
